

CERTIFICATE

The company

A&AT UK Limited
Maydown Works
Londonderry BT47 6 TH, UNITED KINGDOM

is granted authorisation according to STANDARD 100 by OEKO-TEX® to use the STANDARD 100 by OEKO-TEX® mark, based on our test report **18.0.52944**

for the following articles:

Spandex (elastane) yarns, LYCRA® and ELSPAN® yarn, raw, white and black. Note: diverse tested filament fibres contain more than 0,1 % (but less than 1,5 %) of DMAc (N,N-Dimethylacetamide) and have to be treated hot (in wet or in dry stage) during further processing. Mandatory testing to ensure that the solvent content has dropped below 0,1 % is necessary afterwards.

The results of the inspection made according to STANDARD 100 by OEKO-TEX®, Appendix 6, **product class I** have shown that the above mentioned goods meet the human-ecological requirements of the STANDARD 100 by OEKO-TEX® presently established in Appendix 6 for baby articles.

The certified articles fulfil requirements of Annex XVII of REACH (incl. the use of azo colourants, nickel release, etc.), the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass) and of the Chinese standard GB 18401:2010 (labelling requirements were not verified).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the STANDARD 100 by OEKO-TEX® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

The certificate 13.HUS.29511 is valid until 30.09.2019

Boennigheim, 12.10.2018

Dipl.-Ing. (FH) Elisabeth Panian
Head of Certification Body OEKO-TEX®
