Filartex garantisce che questi filati provengono da coltivazioni organiche, controllate e certificate secondo gli standard GOTS (Global Organic Textile Standard), che non utilizzano semi geneticamente modificati. Le tinture di questi filati vengono prodotte da tintorie certificate che rispettano standard di tutela dell'ambiente e delle risorse idriche. L'articolo Country 100% Organic Cotton può essere sviluppato in tutti i 196 colori della cartella Galassia/Florida, anche i più brillanti.

Filartex guarantees that these yarns come from organic cultivations, controlled according to GOTS (Global Organic Textile Standard) standards, for which the use of genetically modified seeds is not allowed. The dyeing process is entirely certified for the protection of the environment and safeguard of the water resources. Our article Country, 100% Organic Cotton can be developed in all the 196 colours of our master Galassia & Florida shade card, including the brightest ones.
