OEKO-TEX®
CONFIDENCE IN TEXTILES

CERTIFICATE

The company

INVISTA Textiles (UK) LTD.
Maydown Works
Londonderry BT47 6 TH, UNITED KINGDOM

is granted authorisation according to STANDARD 100 by OEKO-TEX® to use the OEKO-TEX® mark, based on our test report **16.0.94786**

for the following articles

Spandex (elastane) yarns, Lycra® and ELASPAN® yarn, raw, white and black. Note: diverse tested filament fibres contain more than 0,1 % (but less than 3 %) of DMAc (N,N-Dimethylacetamide) and have to be treated hot (in wet or in dry stage) during further processing. Mandatory testing to ensure that the solvent content has dropped below 0,1 % is necessary afterwards.

The results of the inspection made according to STANDARD 100 by OEKO-TEX®, **product class I** have shown that the above mentioned goods meet the human-ecological requirements of the standard presently established for baby articles.

The certified articles fulfil the requirements of Annex XVII of REACH (incl. the use of azo-dyes, nickel, etc.) as well as the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the OEKO-TEX® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

This authorisation is valid until 30.09.2017

Boennigheim, 17.11.2016

Dr. Stefan Droste
Managing Director

Dipl.-Ing. (FH) Elisabeth Weisheit
Head of Certification Body Oeko-Tex®
